Business Process Solutions

Helping you focus on growth

As organisations extend their footprint domestically and internationally, the challenge of executing back office processes can become a distraction for core operations, while the need to meet reporting requirements and compliance in local or across multiple jurisdictions creates additional risks.

At Grant Thornton, our business process specialists remove the burden of back office operations and compliance challenges, freeing up time so dynamic organisations can focus on growth.

We also work with the very largest international organisations to improve their finance and accounting function efficiency, reduce the costs associated with business processes and provide a complete solution to the challenges of complex, multinational reporting. This allows the in-house team to focus on strategy and add value to the business.

Why choose Grant Thornton?

1

As a global accounting firm with local expertise and first-hand experience of local reporting requirements in over 100 locations worldwide, our clients receive a consistent international service through a single point of contact.

2

Clients are able to work with a team which is embedded in a multi-disciplinary practice that discovers what is important to clients, provides pragmatic and holistic solutions to help them grow and collaborative to provide specialist and valuable advices.

3

For those clients looking to improve their finance and accounting business processes, we provide a full consultancy and delivery service with solutions that are tailored to their needs.

Our approach

Our approach is simple – our teams listen closely to your needs, learn about your challenges and will take an in-depth look at your business, and offer you a thorough assessment of your strengths and weaknesses and work with you to decide which areas of the organisation could benefit from our solutions.

Our Services

Our business solutions team provides a range of services to support clients of all sizes, from small to medium enterprises (SMEs) through to the largest international businesses.

Back Office Outsourcing (BOO)

We provide outsourced accounting, payroll and tax compliance services to domestic SMEs and local branches and subsidiaries of international organisations.

Our services are managed centrally to deliver a consistent experience for each of our clients and we use innovative digital technology gives our client access to their data round the clock.

Moreover, our clients are able to access a wide range of professional and value-added advices through our experienced advisers as a one-stop shop.

Global Compliance Partnering (GCP)

Our global compliance partnering solutions delivers all local statutory and group financial reporting, tax compliance, payroll administration and local country filings for multinational organisations through a single point of contact.

We are the leading adviser to dynamic organisations delivering a solution that improves reporting efficiency and enhances risk management. By providing full transparency, real time monitoring and highlighting upcoming deadlines, we enable local and central management teams to ensure full compliance at all times.

Business Process Outsourcing and Solutions (BPO/BPS)

Large organisations are increasingly looking to fully outsource their transactional end-to-end finance and accounting processes, leaving them free to focus on their finance and human resources on important strategic business-value. We typically deliver this solution as part of multi-year contract, incorporating a commitment to reduce costs and improve both productivity and quality.

We also advise organisations on optimising finance and accounting processes, and can provide our recommendations on implementing technology and innovations, including:

Financial and accounting processes review, design and improvement;

Support in selection of suitable information technology applications in line with your business processes;

Independent accounting support through a retained advisor.
