Helping you focus on growth

As organizations extend their footprints domestically and internationally, the challenge of executing back - office processes can become a distraction for core operations, while the need to meet reporting requirements and compliances in local or across multiple jurisdictions create additional risk.

At Grant Thornton, our business process specialists remove the burden of back -office operations and compliance challenges, freeing up dynamic organizations to focus on growth.

We also work with the very largest international organizations to improve their finance and accounting function efficiency, reduce the costs associated with business processes and provide a complete solution to the challenge of complex, multinational reporting. This allows the in-house team to focus on strategy and add value.

Why choose Grant Thornton

As a global provider of outsourced services with local expertise and first-hand experience of local reporting requirements in over 100 locations worldwide, our clients receive a consistent international service through a single point of contact.

Clients are able to work with a team this is embedded in a multi-disciplinary practice that discover what is important to clients, provides pragmatic and holistic solutions to help them grow and agile and collaborative to provide specialist advice and add maximum value.

For those clients looking to improve their finance and accounting business processes, we provide a full consultancy and delivery service with solutions that are tailored to their needs.

Our approach

Our approach is simple – our teams listen closely to your needs, learn about your challenges and will take an in-depth look at your business, offer you a thorough assessment of your strengths and weaknesses and work with you to decide which areas of the organization could benefit from our solutions.

Our services

Our business solutions team provides a range of services to support clients of all sizes, from small to medium enterprises through to the largest international businesses.

Business Process Outsourcing and Accounting Services

We provide an extensive and fully integrated suite of back-office management services designed to streamline and enhance your financial operations, including the following key areas:

- 1

Accounts Receivable (AR)
- 2

Month - end closing
- 3

General Ledger accounting
- 4

Accounts Payable (AP)
- 5

Year - end activities
- 6

End-to-End management of transactional and financial accounting processes

We also handle other local accounting compliance requirements in Vietnam.

Furthermore, as your one-stop shop, your company can access a wide range of professional advice through our experienced advisors, ensuring you receive expert guidance tailored to your needs.

Corporate Tax Compliance

We possess extensive local knowledge and technical expertise to help your organization achieve full compliance with local tax regulations. In addition to our proficiency in tax compliance, our teams are equipped to support you in the following areas:

- 

Direct tax
(corporate income tax)
- 

Indirect tax
(VAT, withholding tax)
- 

Monthly consulting
- 

Deferred taxes

Our services

Our business solutions team provides a range of services to support clients of all sizes, from small to medium enterprises through to the largest international businesses.

Payroll and HR Services

Our specialists are equipped to manage every aspect of reward packages and personal tax issues. In short, our team can handle your payroll processing needs, helping you reduce costs and manage risk. We offer a comprehensive range of services to support your business, including:

 Payroll processing

 Lodgment service

 HR consulting

 Payroll process review and improvement

Staff Augmentation

We can provide accounting specialists for a variety of positions, from entry-level to executive roles, to help you fill gaps and execute accounting tasks.

Our professionals are equipped to assist with the following activities:

-  Special projects
-  Staff-level to C-suite requirements
-  End-to-end finance and accounting work

Technology Consulting & Solutions

The environment for business is changing faster now than at any time in recent history. Forces such as globalization and rapid technological change are disrupting traditional business models and creating huge challenges for organizations, both privately owned and publicly listed.

At Grant Thornton, we help our clients understand these forces and their impact, and formulate solutions to keep them ahead of disruptive change.

Our Technology Consulting and Solutions services address a broad range of process, technology and organization needs across finance, supply chain and human resource functions.

We have established partnership with such leading tech solutions as Oracle, SAP and others to provide seamless digital services to our clients.
